Re: P1205-2000/Cor 1 - IEEE Guide for Assessing, Monitoring, and Mitigating Aging Effects on Class 1E Equipment Used in Nuclear Power Generating Stations - Corrigendum #1: Thermal Aging Model Corrections

Dear James:

I am pleased to inform you that on 22 September 2005 the IEEE-SA Standards Board approved the above referenced project until 31 December 2009. A copy of the file can be found on our website at

http://standards.ieee.org/board/nes/projects/1205-2000_Cor-1.pdf.

Now that your project has been approved, please forward a roster of participants involved in the development of this project. This request is in accordance with the IEEE-SA Operations Manual, Clause 5.1.2i under Duties of the Sponsor which states:

"Submit annually to the IEEE Standards Department an electronic roster of individuals participating on standards projects"

For your convenience, an Excel spreadsheet for your use has been posted on our website at <http://standards.ieee.org/guides/par/roster.xls>. Please forward this list to me via e-mail at j.haasz@ieee.org no later than 21 December 2005.

Please visit our website, IEEE Standards Development Online (<http://standards.ieee.org/resources/development/index.html>), for tools, forms and training to assist you in the standards development process. Also, we strongly recommend that a copy of your draft be sent to this office for review prior to the final vote by the working group to allow for a quick review by editorial staff before sponsor balloting begins.

If you should have any further questions, please contact me at 732-562-6367 or by email

at j.haasz@ieee.org.

Sincerely,

Jodi Haasz

PAR FORM

PAR Status: Corrigendum of Standard

PAR Approval Date: 2005-09-22

PAR Signature Page on File: Yes

1. Assigned Project Number: P1205-2000/Cor 1

2. Sponsor Date of Request: 2005-08-02

3. Type of Document:

4. Title of Document:

Draft: IEEE Guide for Assessing, Monitoring, and Mitigating Aging Effects on Class 1E Equipment Used in Nuclear Power Generating Stations - Corrigendum #1: Thermal Aging Model Corrections

5. Life Cycle: Full-Use

6. Type of Project:

6a. Is this an update to an existing PAR? No

6b. The Project is a: Corrigendum to Std 1205-2000

7. Working Group Information:

Name of Working Group: Aging Assesment Working Group

Approximate Number of Expected Working Group Members:5

8. Contact information for Working Group Chair:

Name of Working Group Chair: David A Horvath

Telephone: 734-930-7500 **FAX:** 734-327-7501

Email: dah@adventengineering.com

9. Contact information for Co-Chair/Official Reporter, Project Editor or Document Custodian if different from the Working Group Chair:

Name of Co-Chair/Official Reporter, Project Editor or Document Custodian:

Telephone: FAX:

Email:

10. Contact information for Sponsoring Society or Standards Coordinating Committee:

Name of Sponsoring Society and Committee: IEEE Power Engineering Society Nuclear Power Engineering

Name of Sponsoring Committee Chair: John J Disosway

Telephone: 540-894-2589 **FAX:** 540-894-2131

Email: john_disosway@dom.com

Name of Liaison Rep. (if different from the Sponsor Chair): James E Thomas

Telephone: 864-962-0128 **FAX:** 864-962-0638

Email: jthomas@mpra.com

Name of Co-Sponsoring Society and Committee:

Name of Co-Sponsoring Committee Chair:

Telephone: FAX:

Email:

Name of Liaison Rep. (if different from the Sponsor Chair):

Telephone: FAX:

Email:

11. The Type of ballot is: Individual Sponsor Ballot

Expected Date of Submission for Initial Sponsor Ballot: October 2005

12. Projected Completion Date for Submittal to RevCom: December 2005

Target Extension Request Information for a Modified PAR whose completion date is being extended past the original four-year life of the PAR:

13. Scope of Proposed Project:

The scope of the corrigendum is to correct three typographical errors of a minor technical nature (two in Clause 6.6.3 and one in Annex D, Clause D.1.7) related to performing thermal aging analysis.

Is the completion of this document contingent upon the completion of another document?

No

14. Purpose of Proposed Project:

The purpose of the corrigendum is to correct three typographical errors (identified by user feedback) related to the performance of thermal aging analysis.

15. Reason for the Proposed Project:

The reason for this project is to develop a corrigendum which will provide editorial directions for correction of three typographical errors (of a minor technical nature involving performance of thermal aging analysis) in IEEE Std 1205-2000. These three errors were identified by user feedback. Specifically, in two locations in the guide, the Boltzmann constant coefficient factor should be 0.8617 instead of 0.817. In one other case a subscript of one term in one equation should have been "i" instead of "1". The stakeholders are owners of nuclear power generating stations, their engineering support staff, and any other augmented support personnel.

16. Intellectual Property:

a. Has the IEEE-SA policy on intellectual property been presented to those responsible for preparing/submitting this PAR? Yes 2005-07-27

b. Is the sponsor aware of copyright permissions needed for this project? No

c. Is the sponsor aware of trademarks that apply to this project? No

d. Is the sponsor aware of possible registration activity related to this project? No

17. Are there other documents or projects with a similar scope? No

Similar Scope Project Information:

18. Is there potential for this document (in part or in whole) to be adopted by another national , regional or international organization? No

If yes, the following questions must be answered:

Organization Name?

Technical

Committee

International

Contact

Information?

19. Will this project result in any health, safety, or environmental guidance that affects or applies to human health or safety? No

If yes, please explain:

20. Sponsor Information

a. Is the scope of this project within the approved/scope/definition of the Sponsor's Charter? Yes

If no, please explain:

b. The Sponsor's procedures have been accepted by the IEEE-SA Standards Board Audit Committee? Yes

21. Additional Explanatory Notes: (Item Number and Explanation)
