This letter will serve to advise the IEEE 802.11 Working Group of Trapeze Networks IP statement relating to its proposal for Task Group k.

Trapeze Networks IP Statement for TGk

Trapeze Networks will, upon written request of any company (the "requester"), grant it a personal, non-exclusive license on reasonable and non-discriminatory terms (which may include Trapeze Networks then current royalty rates and other terms) for only that portion of any product that is fully compliant with the IEEE 802.11k standard, under any existing, pending, and future patents of Trapeze Networks that would be necessarily be directly infringed by the manufacture, sale, offer for sale, importation and use of the product solely because it is fully compliant with the IEEE 802.11k standard, provided that a similar license under the requester's patents is made available to Trapeze Networks and other licensees of such Trapeze Networks patents.

Further, if Trapeze Networks proposed contributions to the IEEE 802.11k standard are adopted, as proposed (excepting minor modifications), Trapeze Networks will, upon written request of any company (the "requester"), grant it a personal, non-exclusive, royalty-free license for only that portion of any product which is fully compliant with the IEEE 802.11k standard, under any existing, pending and future patents of Trapeze Networks that would necessarily be directly infringed by the manufacture, sale, offer for sale, importation, and use of such product solely because it is fully compliant with the IEEE 802.11k standard, provided that a similar royalty-free license under the requesters patents is made available to Trapeze Networks and other licensees of such Trapeze Networks patents. Notwithstanding any herein, said royalty-free license shall terminate should the licensee assert any intellectual property claims against Trapeze Networks.

If you have any questions, please contact Trapeze Networks CFO, Dan Creager (ph: 925-474-2206, email: danc@trapezenetworks.com).
