Dear Mr. Thompson:

This letter is written in response to the call for patents requesting that companies confirm to the IEEE that they will provide licenses under their US and foreign patents or patents under application when issued with respect to the proposed IEEE P802.3ad standard. In that regard:

In the event the proposed standard is adopted and the standard cannot be practiced without the use of one or more patents which are now or hereafter owned or controlled by Cabletron, then Cabletron agrees upon written request to grant a nonexclusive license under such patents on a nondiscriminatory basis and on reasonable terms and conditions.

This letter does not grant any right to the IEEE with respect to Cabletron's copyrights or other intellectual property rights that relate to the proposed standard. Any party interested in the license described above may write to the undersigned at the address on the letterhead.

Yours very truly,

Norma E. Henderson, Esq.
Patent Counsel,
CABLETRON SYSTEMS, INC.
