Re: P334 - Standard for Qualifying Continuous Duty Class 1E Motors for Nuclear Power Generating Stations

Dear James:

I am pleased to inform you that on 08 June 2006 the IEEE-SA Standards Board approved the above referenced project until 31 December 2007. A copy of the file can be found on our website at <http://standards.ieee.org/board/nes/projects/334.pdf>.

Now that your project has been approved, please forward a roster of participants involved in the development of this project. This request is in accordance with the IEEE-SA Operations Manual, Clause 5.1.2i under Duties of the Sponsor which states:

"Submit annually to the IEEE Standards Department an electronic roster of individuals participating on standards projects"

For your convenience, an Excel spreadsheet for your use has been posted on our website at <http://standards.ieee.org/guides/par/roster.xls>. Please forward this list to me via e-mail at s.hampton@ieee.org no later than 06 September 2006.

Please visit our website, IEEE Standards Development Online (<http://standards.ieee.org/resources/development/index.html>), for tools, forms and training to assist you in the standards development process. Also, we strongly recommend that a copy of your draft be sent to this office for review prior to the final vote by the working group to allow for a quick review by editorial staff before sponsor balloting begins.

If you should have any further questions, please contact me at +1 732 562 6003 or by email at s.hampton@ieee.org.

Sincerely,

Sherry Hampton

PAR Request Date: 27 April 2006	
PAR Approval Date: 08 June 2006	
PAR Signature Page on File: Yes	
Type of Project: Modification to Approved PAR	
Status: Modification to a Previously Approved Revision PAR P334, 2003-12-10	
Root Project/PAR: 334 - 1994	
1.1 Project No.: P334	
1.2 Type of Document: Standard	
1.3 Life Cycle: Full-Use	
1.4 Is this document in ballot now? No	
2.1 Title Standard for Qualifying Continuous Duty Class 1E Motors for Nuclear Power Generating Stations	Old Title Standard for Qualifying Continuous Duty Class 1E Motors
2.1 Amendment/Corrigenda Title	
3.1 Working Group Name	Working Group on Qualification of Motors
Working Group Chair	Newell Bill Phone: 203-562-5811 Email: wgnewell@worldnet.att.net
Working Group Vice Chair	
3.2 Sponsor	IEEE Power Engineering Society Nuclear Power Engineering (PE/NPE)
Sponsor Chair	Disosway John J Phone: 540-894-2589 Email: john_disosway@dom.com
3.3 Joint Sponsor	
4.1 Type of Ballot: Individual	
4.2 Expected Date of Submission for Initial Sponsor Ballot: 2006-07-00	
4.3 Projected Completion Date for Submittal to RevCom: 2006-12-00	
5.1 Approximate number of people expected to work on this project: 10	
5.2 Scope: No change.	Old Scope: The standard establishes criteria for qualification of continuous duty Class 1E Electric Motors, located in mild and harsh environments, in Nuclear Power Generating Stations in order to demonstrate their ability to perform their intended safety functions under all required conditions. This standard does not apply to motors used in valve actuators.
5.3 Is the completion of this document contingent upon the completion of another document? No	
5.4 Purpose: The purpose of this document is to provide direction for the implementation of the requirements of IEEE Std 323 - 2003 as they apply to the specific features of continuous duty safety-related electric motor qualification. This document also adds guidance for qualification of refurbished motors and insulation systems for motor rewinds.	Old Purpose: This revision would update the document to the latest revisions of the referenced standards (specifically, IEEE Std 323-2004) and aligns it with the material in these revisions. It adds guidance for qualification of refurbished motors and insulation systems for motor rewinds.

5.5 Need for the Project: Will reflect the current state-of-technology.

5.6 Stakeholders for the Standard: Nuclear industry.

6.1.a. Has the IEEE-SA policy on intellectual property been presented to those responsible for preparing/submitting this PAR prior to the PAR submittal to the IEEE-SA Standards Board? Yes Presented Date: 2006-04-27

If no, please explain:

6.1.b. Is the Sponsor aware of any copyright permissions needed for this project? No

If yes, please explain:

6.1.c. Is the Sponsor aware of possible registration activity related to this project? No

If yes, please explain:

7.1 Are there other standards or projects with a similar scope? No

If yes, please explain:

Sponsor Organization:

Project/Standard Number:

Project/Standard Date: 0000-00-00

Project/Standard Title:

7.2 Is there potential for this standard (in part or in whole) to be adopted by another national, regional, or international organization? ? Do not know at this time

Technical Committee Name and Number:

Contact person:

Contact person Phone Number:

Contact person Email Address:

7.3 Will this project result in any health, safety, security, or environmental guidance that affects or applies to human health or safety? No

7.4 Additional Explanatory Notes:

Item 2.1 - The title was changed to correctly match that of the previous revision of the standard. Item 5.4 - The purpose was changed, in language only, to match the language that will be incorporated in the standard.

8.1 Sponsor Information:

Is the Scope of this project within the approved scope/definition of the Sponsor's Charter? Yes

If no, please explain:
