Endorsers

Endorsements are most effective when from a company officer, program director, committee chair for a technical community or standards body, or a colleague, and, more generally, anyone who can attest and verify the Nominator’s claims on the impact and individual role of the Nominee.

Endorsers will receive an automatically generated email from Awards_no-reply@ieee.org

• Subject line: Request for an endorsement letter
• Includes a link to the endorsement form

Endorsers

Letters that comment knowledgeably on the impact of the candidate’s specific achievements are helpful, and endorsers are encouraged to provide any information that would be relevant to the nomination. For example, endorsers may answer the following general questions:

1) What are the candidate’s contributions that are deserving of recognition?
2) What is your relationship to the candidate, and how have you gained your knowledge of his/her contributions to the development of standards?
3) How has the candidate demonstrated leadership in identifying opportunities to better serve the needs of standards users?
4) If possible, please document the business economic, and/or technical impact of the candidate’s contributions.
5) If possible, please do not inform the candidate that they are under consideration, since a limited number of recipients are chosen each year from among several worthy individuals.
