Harness the power of standards development to help position your organization for success

Participation in market-driven, open standards development can afford a unique vantage point offering insight into new standards and technologies that can help address complex industry and societal challenges.

MEMBER BENEFITS & OPPORTUNITIES

IEEE SA offers a unique membership program for companies and organizations. This program, also known as Entity Membership, offers these important benefits:

- **DRIVE**: Drive the development, evolution and advancement of emerging technologies.
- **SHAPE**: Have a voice in technological developments that can impact the markets in which you operate.
- **NAVIGATE**: Speed the adoption and implementation of global technology standards.
- **GAIN**: Gain perspective from a unique focus on markets, technology, and policy.
- **NAVIGATE**: Get insight on new standards that can help you navigate the best course forward.
- **SPEED**: Help power the creation of new markets, remove trade barriers and foster positive impacts.
