IEEE SA

IEEE GOVERNMENT ENGAGEMENT PROGRAM ON STANDARDS (GEPS)

IEEE

SUPPORTING GOVERNMENTS THROUGH CONNECTION AND RESOURCES

ABOUT

Participating in IEEE GEPS provides governments the opportunity to engage directly with standards development and industry experts, and to help shape standards development at the local and global level through bespoke webinars and bi-lateral consultations with technical standards experts. GEPS participants have official Observer Status on the IEEE SA Standards Board (SASB).

NUMBER OF COUNTRIES 65

NUMBER OF ORGANIZATIONS 111

NUMBER OF CONTINENTS 6

PROGRAM BENEFITS

ENABLING	Increasing knowledge of the IEEE standards development process and framework
EMPOWERING	Using market-led standards to support digital and technological innovation
ENGAGING	Leveraging IEEE communities to help governments' meet technology objectives

KEY TOPICS

- Artificial Intelligence
- Cybersecurity
- Data Governance
- Healthcare
- Power and Energy
- Standardization, Certification, Standards Adoption
- Sustainability and Climate Change
- Telecommunications and Connectivity
- Transportation and Mobility

IEEE GEPS PARTICIPANTS REPRESENT

- Agencies and Bureaus
- Centres and Commissions
- Ministries
- National Authorities and Secretariats
- Offices and Departments
- Regulatory Bodies and other governmental bodies
