

## IEEE Software & Systems Engineering Standards Essential Collection: VuSpec™

The Software & System Engineering Essentials Collection, VuSpec CD-ROM integrates an abundant spectrum of features and content that is ideal for students, intro professionals, and practioners. In addition to the PDF standards, you will get the landmark IEEE Guide to the Software Engineering Body of Knowledge (SWEBOK).

The collection also includes exclusive VuSpec interface bonus features such as:

- navigator for easy browsing;
- point-and-click glossary;
- index of keywords guiding you to the right standard; and
- full-text search modes.

### Table of Contents

- 730-2002 IEEE Standard for Software Quality Assurance Plans
- 828-2005 IEEE Standard for Software Configuration Management Plans
- 830-1998 Recommended Practice for Software Requirements Specifications
- 1008-1987 (R2002) Standard for Software Unit Testing
- 1012-2004 IEEE Standard for Software Verification and Validation
- 1016-1998 Recommended Practice for Software Design Descriptions
