5.2 Update on P&Ps Due in 2022

Lisa Weisser displayed the list of Standards Committees with P&P that were recently accepted that have not yet submitted Working Group P&P for review by AudCom. It was noted that some of the Standards Committees do not currently have Working Groups. Lisa also displayed the list of all Standards Committees with P&P expiring at the end of 2022 that will need to submit an updated P&P document to AudCom.

5.3 Committee Member Interactions/Comments RE: myProject

Gregory Marchini presented an update about myProject accomplishments and the status of upcoming features of interest.

Note: AudCom members can find the presentation in the AudCom area in iMeet.

There was a suggestion by a NesCom member to include a voting function for AudCom similar to NesCom and RevCom, and it was agreed that this function is not needed for AudCom because the committees operate differently.

There was a discussion about whether AudCom can maintain a central location for Working Group P&Ps, and it was clarified that it is the responsibility of the Standards Committee to maintain its Working Groups’ P&Ps.

A question was raised about how AudCom can provide input regarding the new tools that Greg presented in the update. Greg noted that AudCom should continue to work with Lisa Weisser, who brings the information to meetings with the myProject team.

Committee member interactions with myProject is a standing agenda item and if anyone has any feedback about their user experience with myProject, please let Lisa Weisser know.

6. NEW BUSINESS

6.1 Requests for Standards Committee Recognition

6.1.1 IEEE Broadcast Technology Society/Broadcast Technology Standards Committee (BTS/BTSC)

This was discussed after agenda item 4.1.2.

Motion: Recommend that the SASB recognize the Broadcast Technology Society/Broadcast Technology Standards Committee, to be abbreviated as (BTS/BTSC), as an official Standards Committee, in accordance with IEEE SASB Bylaws 5.2.2. Upon vote, the motion passed.

Chair Lu brought up a new business item about the next AudCom baselines update. He requested an ad hoc and presented a proposed scope:

The ad hoc will develop proposed baseline documents for:

- Standards Committees
- Individual Working Groups
- Individual Working Groups Simplified
- Entity Working Groups

The ad hoc will review feedback received from the current AudCom baseline documents to identify improvements. Additionally, new requirements that need to be incorporated into the updated baselines will be brought to the ad hoc.

Upon completion of the baseline documents, updated instructions documents and checklists will be developed.

The ad hoc scope was approved.

The ad hoc will be chaired by Thomas Koshy, and members include: Doug Edwards, Jonathan Goldberg, Yvette Ho Sang, Soo Kim, Vanessa Lalitte, Joseph Levy, Haiying Lu, Kevin Lu, Daleep Mohla, Erin Morales, Dave Ringle, Pat Roder, Tom Thompson, Lei Wang, Lisa Weisser, and Meng Zhao.

Another topic was brought up during the discussion about the baselines regarding the Standards Coordinating Committees that need to update P&Ps to transition to the Standards Committee baseline. There is already a separate ad hoc that will help with this transition.

7. DATE OF NEXT MEETING

The next meeting of AudCom will take place on 14 June 2022 in Toronto, Canada and by teleconference.

8. ADJOURNMENT

Chair Lu thanked the AudCom members and Lisa Weisser. There being no further business, the meeting adjourned at 9:01 a.m. ET (UTC-4) on 22 March 2022.
